

Mogrify Token-Liste

Das LR-Plugin *Mogrify* ⇒ <https://imagemagick.org/script/mogrify.php> taugt zu mehr als für einfache Rahmen oder Wasserzeichen. Du hast nämlich Zugriff auf mehr als 80 Parameter, die du sowohl zur Projektnachbereitung als auch gestalterisch nutzen kannst.

Die Metadaten sind in *Basic* (vorwiegend Informationen aus der LR-Datenbank), *Exif* (die vertrauten Daten direkt aus der Kamera) und *IPTC* (Ergänzungen für gewerbliche Nutzung) unterteilt.

Basic Token

Leaf name of the ORIGINAL file ("myFile.jpg")
Leaf name of the ORIGINAL file without extension
Name of the folder the ORIGINAL file is in
Parent folder path of ORIGINAL file
Full path to ORIGINAL file
Leaf name of EXPORTED file
Name of the folder EXPORTED file is in
Parent folder path of EXPORTED file
Full path to EXPORTED file
Name associated with this copy
Contents of file at absolute path
Contents of file at relative path
Formatted size of the file ("6.01 MB")
User-visible file type (DNG, RAW, etc.)
User rating of the file (number of stars)
Name of assigned color label

Leaf name of the 'most selected' photo without extension
Sequence counter, starting from 0
Sequence counter, starting from 1
Metadata from another plugin
Keywords as shown in Keyword Tags panel with "Enter Keywords" selected
Keywords as shown in the Keyword Tags panel with "Will Export" selected
Width in pixels of exported image
Height in pixels of exported image

Exif Token

Original dimensions of file ("3072 x 2304")
Shutter speed ("1/60")
Aperture ("f/2.8")
Brightness value
Exposure bias/compensation ("2/3 EV")
Flash fired or not ("Did fire")
Exposure program ("Aperture priority")
Metering mode ("Pattern")
ISO speed rating ("ISO 200")
Focal length of lens as shot ("132 mm")
Focal length as 35mm equivalent ("211 mm")
Lens ("28.0-135.0 mm")
Subject distance ("3.98 m")
Date and time of capture
Date and time of scanning

Adjusted date and time
Camera manufacturer
Camera model
Camera serial number
Artist's name
Software used to process/create photo
Location ("37°56'10" N 27°20'42" E")
GPS Longitude in decimal ("37.9362")
GPS Latitude in decimal ("27.3451")
GPS altitude for this photo ("82.3 m")
GPS altitude for this photo without units ("82.3")
GPS direction for this photo
